

## *Green Lantern Green Arrow* Study Guide

**Part 1 Directions:** While reading Dennis O’Neil and Neal Adams’s run on *Green Lantern Green Arrow*, answer the following questions. You do **NOT** have to write your responses in complete sentences, but make sure that your answers are thorough and analytical, which means that you will need to write your answers on a separate sheet of paper.

**Keep up with the study guide questions, because 1) they will function as your reading check, in place of reading quizzes and 2) they will help aid you in class discussion.**

**Part 2 Directions:** As a class, we will analyze several Green Lantern Green Arrow issues that we haven't yet discussed in class. If you have already read the issue, you will go back and reread or skim the issue you get assigned. Then in groups of 3-4 people, you will focus on a few, specifically selected pages for analysis. Your group will write at least 1 strong, analytical question, and complete an analysis for your section. In your page analysis, focus on lines, gutters, panel shape, panel transitions, coloring, lettering, plot, language, or any other comic components that we have discussed in class.
