

I Kill Giants Discussion Topics/Jam Comic Topics

Working in small groups, you will write a jam comic that addresses one of these discussion points. Try to answer the questions for each topic in your comic, while making it fit with the story – clearly Barbara wouldn't be stiff and serious in the comic since we know she is sarcastic. Think about how the characters interact and what seems to be happening so far.

Barbara's Ears

Are Barbara's ears real? Are there any changes in her ears? When do the changes occur? What do the changes in her ears signify?

Barbara's Relationship with Others

How does Barbara interact with others? Are there any patterns in the art when she is interacting with others?

Cherubs

What do you notice about the angel creatures? When do they appear? What is their purpose? What is their relationship with Barbara?

Home Life/Emotions

How does Barbara feel at home? How do her emotions change? When do her emotions change? What could be the cause of these emotional changes? (Hint: look for foreshadowing)
