

Bellwork: Inanimate Object Sketch

- Select 3-4 inanimate objects of varying sizes from the room – put them on your desk

Bringing Inanimate Objects to Life

- Select 3-4 inanimate objects of varying sizes from the room – put them on your desk
- Break down the shapes of each object
- How many different characters can be created from one shape – sketch out different types of characters
- Rotate to the next group and sketch out characters of those objects
- Share sketches and thought processes with peers

Bringing Inanimate Objects to Life

- In front of you are several inanimate objects
- Select one of the objects
- Think about how that object could inspire a character (writer's job)
- Draw at least 1 character that uses the shape of the object - face, body, etc. (artist's job)
- When you are told to stop, take your picture with you to the next desk
- You will know replicate the process with a new object
- When we are done, you will share your ideas
